## **PRESS RELEASE**

The Minister of Finance informs taxpayers that the deadline for the electronic filing of statistical and tax returns (STR), and the payment of the related year-end tax balances for the 2023 fiscal year, initially scheduled for the 15th of March 2024, is extended to the 26th of March 2024.

He also recalls that the year-end tax balances shall be paid exclusively by e-payment.

The taxpayers concerned are therefore invited to respect the deadline for payment of balances set for 26 March 2024, in order to avoid the inconvenience that would be caused applied to defaulters.
