MINISTRY OF FINANCE

GENERAL DIRECTORATE OF TAXATION

Yaoundé, le 06 OCT 2020

PRESS RELEASE

The Minister of Finance wishes to inform the general public that the MESURE tax management software was the subject of a cyberattack on Friday September 25th 2020.

This resulted in the outage of some online services offered to taxpayers such as the Collection Notice (CN) and the Tax Clearance Certificate (TCC).

The staff of the National Agency for Information and Communication Technologies (ANTIC) and those of the tax administration immediately set to work to remedy the situation.

These concerted actions resulted in the reestablishment of the MESURE tax management software on Wednesday September 30th and the total reconstitution of the affected files leading to normalcy as from Tuesday October 6th 2020.

The Minister wishes to thank all taxpayers for their understanding and reaffirms the commitment of his department to continue providing improved services to the taxpayers.
